

Frontier High School is Mansfield ISD's Career Technology high school providing juniors and seniors an opportunity to be full-time students in a unique high school setting where students have a close, personal relationship with teachers, counselors, and administrators. Our major focus is preparing students for college and career readiness. Our classroom activities are project based, emphasizing communication, collaboration, critical thinking and creativity. We strive to provide students with leadership training and responsibilities through service in our community as well as internship opportunities in students' specific fields of interest. Students who graduate from Frontier High School do so equipped to take on the many challenges of our rapidly changing world with the skills they cultivate through our programs.
