**Goals and Objectives:** Course goal is to teach U.S. Government in one-semester and assist students in understanding the following major topics (based on the Texas TEKS for U.S. Government):

The Foundations of Government	Liberty and Justice for All	State Government
The (3) Branches of Government	Participating in Government.	Political Systems

Students shall have access to a digital version of the textbook and also access to a class set of textbooks. Students shall receive a username/password for access to the digital version of their textbook. Supplemental website link for additional assistance in learning US Government: Please go to the following web address: <http://bensguide.gpo.gov/learning-adventures-14more?id=39&age=ben14more>

**Certifications:** Since this is an academics course, there are no Certifications available for students to obtain.

**Course Grading:** It is important for you to monitor your grades and assignments. If your grade is not at least a ‘C’ average, I will need to make a phone call home. Grading policies for each 6 week grading period:

Major Grades: <b>50%</b>	//	Daily Work <b>50%</b>	//	<b>Overall Grades:</b>
90 – 100% = A		80 – 89.9% = B		Below 70% = F

Students with a grade of “I” or with a grade of 69 or below are ineligible for extracurricular activities (TEC 33.081).

**Weighted Credit:** Per MISD Board Policy EIC (LOCAL): The District uses a weighted numerical grading system. In calculating GPA, ten points (per semester) shall be added to a student’s average in Advanced Placement (AP), Pre-AP, Academic Decathlon, and courses considered to be District-approved college level dual credit courses. All other courses shall not receive weighted points for completion. No weighted credit point shall be added for grades lower than 70. Weighted grading shall be reflected in the student’s GPA and not numerically per course on either the student’s report card or transcript.

**Assignments/Quizzes/Tests:** A minimum of 8 grades and two forms of major assessment will be given for each 6-week grading period. Student grades will be posted in the Skyward Parent Portal within 5 business days for daily grades and major grades. Special consideration is given to major projects, including lengthy writing assignments. Be prepared to complete these assignments when they are due on a timely basis.

**Semester Grades:** Semester grades are computed by averaging the numerical grades recorded for each of the three six week reporting periods and the course semester exam. Each six-week grading period and semester exam contributes to your overall grade. Here is a breakdown of each 6 week grading period: 1st 6 weeks = 26%; 2nd six weeks = 27%; 3rd six weeks = 27%; Semester exam = 20%.

**Year Long Courses:** Course credit is awarded with a grade of 70% or higher. If a student fails either semester of any MISD yearlong course and passes the opposite semester with a high enough grade for an overall average of 70% for the full course, full credit will be granted. In this situation, for averaging to occur, the courses must have been taken during the same school year and in consecutive semesters. Example: Final score for 1st semester = 60%. Final score for 2nd Semester = 80%.  $(80\%+60\%)/2=70\%$ . This example would award course credit since the average is 70% overall.

**Semester Exam:** Each semester, specific exam schedules are designated for MISD high schools and as related to dual credit courses. These schedules must be followed. Neither mid-term nor final exams are given early. If the student is absent on the day of an exam he/she will take the exam at a school designated time and date. A student is expected to contact the course teacher to schedule a makeup time for a **first semester exam** missed because of a student absence and the school-counseling department to schedule a make-up time for any **second semester exam** missed because of a student absence.

**Student Work:** The amount of time to complete assignments may vary with each student's study habits, academic skills and selected course load. This includes major projects such as research reports, book reports, major essays, and other assignments teachers designate as major projects.

**UIL Eligibility (No Pass/No Play):** Semester grades are computed by averaging the numerical grades recorded for each of the three six week reporting periods. Each six week grading period will stand alone for eligibility purposes. A student who is declared academically ineligible after a six week grading period will be able to regain eligibility if all of the student's grade averages are 70% or higher at the subsequent (next) 3-week grade reporting period. \*\* See MISD Board Policy FM (LOCAL) for exempt courses.

**Re-takes:** Students who fail a major test/assessment (below 70%) will be allowed to retake or correct up to a 70% grade. This **does not include** semester examinations. Students are expected to make arrangements with the teacher to retake or correct a major test/assessment. Students are encouraged to participate in tutoring opportunities before retaking a test. All retakes or corrections **must** be completed prior to the end of each six-week grading period unless the student is afforded time, after the six-week grading period, as a result of the district's absence/make-up guidelines.

**Missed Exams or Assignments:** Students shall be responsible for obtaining and completing all makeup work in a satisfactory manner and within the time specified by the teacher. When absent, the student is afforded the number of days missed plus one additional day to turn in makeup work. [A/B Block Example: A student misses Monday and Tuesday of the week and he/she returns on Wednesday of that same week. Student work from Monday's absence would be considered late after Friday and student work from Tuesday's absence would be considered late after the following Monday.] Students who do not make up assigned work within the time allotted by the teacher will receive a grade of zero for the assignment. Students are encouraged to speak with their teacher if they know of an absence ahead of time. Students involved in an extracurricular activity must notify their teacher ahead of time about any absences. Students will be permitted to make up tests and to turn in projects due in any class missed because of absence. Teachers may assign a late penalty to any long-term project in accordance with time lines approved by the principal and previously communicated to students.

**Late Work:** Students may be assessed a penalty of no more than 10 points per day for up to three days before a zero may be given for work not turned in on time.

**Academic Dishonesty:** Academic dishonesty includes, but is not limited to: plagiarism, fabrication of information or citations, submitting the work of another person, allowing another person to substitute for oneself in completing course work or taking a course test, submitting work previously used without informing the instructor and securing written approval, or tampering with computer files and/or academic work of other students. Violations of this policy will result in one or more of the following: Loss of grade points, removal from course, failure to receive credit for the course, and loss of eligibility to earn credits. Please Note: Regardless of whether the academic dishonesty is a first or second offense, if the incident is deemed severe, the student will be referred to their administrator for consideration of removal from the course. See Student Handbook for more details.

**Notebook:** This course requires a 3-ring notebook (or equivalent). You will be asked to submit a notebook with all of your notes in it for 50 points at the end of each semester. There will be notebook checks worth 20 points each (unannounced). Late or missing notebooks are worth ½ the points being offered. It should be organized and complete. All notebooks collected at the end of each semester **must** be in a notebook or binder or they will not be accepted.

**Note taking:** All students are required to utilize good listening skills and to take notes. Information that is presented in class shall be utilized on class assessments/quizzes, and End of course exams for U.S. History. Review your notebook periodically to keep up with the information presented. Graphic organizers shall be provided for you to help you organize your notes. Use these notes to complete review worksheets/assignments.
